[講題：Digging into the problems of corruption](#)

演講公告：

歡迎對於水下考古有興趣的朋友參加！

時間：2018/10/17 12:30~2:00

地點：國立台灣大學水源校區人類學系201教室

講題：Digging into the problems of corruption

~The excavation of the 18th century Dutch East Indiaman the Rooswijk.

講者：Prof. Martijn Manders (Leiden University)

摘要：

In 2017 and 2018 Dutch and British archaeologists investigated a shipwreck of the United Dutch East India Company in front of the English coast at 25 metres of depth. The ship sank on its way to Asia, only one day after it departed from the Netherlands on the night of the 9th of January 1740. The excavation revealed besides evidences of the life on board, also information about trade and even corruption. This presentation will be about the way the site was excavated and the historical and archaeological information that was gathered.
